Badly Cut.

Alonzo Rice, age 19, whose father lives on the John R. Chapman place, on Lick creek, about four miles from this city, met with a very serious accident Wednesday morning. He was engaged in clearing some new land about one-half a mile from his home. While thus occupied his axe missed the mark aimed at and entered the top of his right foot between the ankle and instep. The gash was a fearful one. It was more than three inches long, penetrating the foot to a depth of at least one inch, severing one of the main arteries of the leg and the tendon which flexes the foot. Several large vessels were exposed by the wound. The hemorrhage was profuse and it was with difficulty that it could be temporarily checked. As soon as possible young Rice was placed in a buggy and brought to Louisa and taken to Riverview Hospital. Here under chloroform, the wound was dressed, an operation which entailed much time and labor. Mr. Rice recovered nicely from the anesthetic and is now doing well.

Walbridge.

On April 16, 1908, death visited the home of Mr. and Mrs. Dan Fox, and took therefrom their daughter, Jennie Cyrus, the wife of Ben Cyrus. Jennie was born Jan. 9, 1885, being 23 years, three months and seven days old. Was married in 1906. She leaves a husband, two small children, father, mother, one sister and two brothers to mourn their loss. But their loss is heaven's gain. She was converted some years ago and lived a Christian ever since. So weep not, dear ones, for Jennie, she is not dead, but gone to live with God, where suffering is no more. May the Lord bless her friends and her little children and take care of them and guide them in the path that leads to the home not made with hands, eternal in the heavens. She was buried in the Summit graveyard, there to sleep until the Judgement morning.

A. O. Scott, of Williamson, W. Va., visited William O'Brien's last week. Rev. L. M. Copley, of Louisa, visited three-mile and Summit Sunday schools Sunday.

Miss Ethel See, who has been visiting friends and relatives on Lick Creek for the past week, returned to her home Saturday. Miss Emma Burke has gone to W. Va., on a visit to her aunt, Emma Lammons.

The Rev. G. D. Williams will preach at Summit next Sunday evening. Earl Compton, who has been living at Dingess, W. Va., has moved to his farm on Three-mile.

AN ALTERNATE

Is What the Ninth District Convention Made of Judge Thompson.

Carlisle, Ky., May 5.—The ninth District Republican Convention to select delegates to the national convention at Chicago met in this city to-day. The convention was called to order by J. B. Bennett, Chairman of the Ninth District. S. J. Pugh was elected temporary chairman, defeating J. Kobbs, of Boyd county. John L. Littlejohn of Carter county, was made temporary Secretary.

All the committees had easy sailing, except that on credentials, which met with opposition for a while in the person of Captain James Rose, of Rowan, who took the floor and denounced the "cut-and-dried" tactics of the Taft men. The temporary organization was made permanent with only slight objection, as the Taft men had the call.

T. D. Theobald, of Carter, named as delegates from the district W. D. Cochran, of Mason, and E. S. Hittlen, of Carter County, and as alternates W. J. Fells, of Bath, and T. S. Thompson of Lawrence. These were elected by an overwhelming majority. W. D. Cochran then named J. B. Bennett for State Central Committeeman and Howard McCartney as Elector. These were elected. E. W. Lane, of Mason was endorsed as the colored delegate at large. This met with some opposition, but the Chair failed to recognize it. The convention adjourned with some sore spots among the Fairbanks followers.

College Contract Let.

J. H. Preston was the successful bidder on the foundation for the K. N. C. building. The price is \$6.75 per yard for the concrete and 25c a yard for excavation. The work is to be completed by June 1st. There were seven bidders.

The plans for the complete building are due here now, and the committee hopes to have them ready for inspection of contractors the last of this week.

449 Pupils.

Miss Minnie Stone has completed the work of taking the census of the Louisa school district and her report shows 449 children within the school age. This is the largest number ever recorded in this district. The population is 1366. The average of five persons to a family does not hold good in this district. We are yet short on children.

REFORM SCHOOL

And Penitentiary Get Additions Through Lawrence Circuit Court.

The criminal docket of the Lawrence Circuit Court has been completed and the felony convictions consist of two boys being sent to the State Reform School for three years each and one man gets a year in the penitentiary.

The boys are Charley Marcum and Rhodes Newsom, charged with robbing W. V. Roberts' store. Marcum was caught in the store by a clerk in hiding there and Newsom confessed to the crime. Marcum's parents placed the case in the Judge's hands and he gave him three years. Newsom stood trial and the jury sentenced him to one year in the penitentiary. The Judge set the verdict aside and made the sentence three years in the reform school.

Albert Bailey was found guilty of breaking into a corn crib and was given one year in the penitentiary. A message from Huntington Wednesday morning brought news of the dangerous condition of Mrs. J. W. Hughes, who has been in ill health for some time. She is the mother of Postmaster A. M. Hughes, of this place, who was at Louisville when the message was received here. Mrs. A. M. Hughes went to Huntington on the first train.

FOR CONGRESS.

Edgar B. Hager Announces His Candidacy for Representative in Congress.

Louisa, Ky., May 6, 08. Big Sandy News: Will you please announce in your columns, my candidacy for the Democratic nomination for Congress from the Ninth district? In making this announcement I am encouraged by the pledges of support made to me by various delegations at the convention two years ago, and I submit to the Democrats of the district my claim to recognition at their hands. Should I receive the nomination I shall conduct a clean and vigorous campaign for election, and if elected I will serve the people of my District to the best of my ability and devote my time and energy to the advancement of their interests. If nominated, I feel sure of election. As to my qualifications, capabilities and fitness for the office, I refer to my friends in this county as well as in the remaining counties of the District. Soliciting the support of Lawrence County Democracy, and an impartial consideration at their hands of my claim and right to the nomination, with assurances of appreciation of favorable consideration of my candidacy, I am Very Truly Yours, Edgar B. Hager.

Gen. Gentry Dying.

Gen W. H. Gentry, who was the guest of W. F. Shipman at Louisa last year, is dying at Lexington, as the following account shows. Lexington, Ky., May 5.—Gen W. H. Gentry, the noted Kentucky sportsman and trotting horse breeder, is dying at the St. Joseph Hospital here. He had been ill for several weeks. He organized the Gentry reunion, which includes as members all the descendants of the Gentry family in the United States. He has hunted large game in many States and was planning a trip to England to study the English fox hound, when taken ill. He, a few years ago demonstrated the use of the Beagle hound for running foxes, and was successful. His home is one of the hospitable places which have made Kentucky famous.

Quarterly Meeting.

Presiding Elder B. F. Gosling will hold quarterly meeting at the M. E. Church South, Saturday evening and Sunday morning. Quarterly conference will be held immediately after the close of the services Saturday night. Everybody invited.

PRIMARY.

Held by Democrats of Wayne County, W. Va., last Saturday.

The Democrats of Wayne county, W. Va., held a primary election last Saturday to nominate a candidate for county offices to be voted for next November. The winners and their majorities are as follows: County Clerk, John Lambert, 900; Circuit Clerk, George Frasher, 100; Sheriff, Sam J. Crum, 400; Prosecuting Attorney, D. B. Hardwick, 1200; Assessor, Cal Lambert, 4; Member of County Court, J. S. Osborn, 309. Representatives, Terrell and Ball.

An Elopement.

Mr. F. A. Epling and Miss Lula McGuire surprised their friends by getting married last Thursday. They went to Ironton and were wedded and returned with the intention of keeping the matter a secret. Mr. Epling is teacher of book-keeping in K. N. C. and his bride has been a pupil. Prof. Byington has a habit of looking after his pupils very closely and the secret was necessarily divulged when he began to inquire into the reason for the absence of the young lady from school. The bride is a bright and attractive girl, daughter of Sam McGuire, a wealthy citizen of Floyd county. Mr. Epling is from Pike county.

Big Sandy Boy Honored.

We are always glad to publish the facts about any distinction won by a Big Sandy boy away from his native hearth. The last instance of this kind that has come to our notice is the case of L. S. Hayes, of Adams, this county, son of the late Mart Hays. He will graduate in next month from a medical school in Louisville, after having taken a four years course. He is vice president of the graduating class. Also, he has held during all this term the coveted position known as book agent for the college. After giving a heavy bond to the various publishers of medical works, he is furnished with a stock of books sufficient to supply the demands of the college and the students purchase from him. He gets a commission on the sales and it amounts to a considerable sum. Scott is not only a bright and studious young man, but his trustworthiness is so apparent as to impress those with whom he comes in contact.

THE HARVEST

Of Death Has Been Heavy During the Past Week.

John Estep's little child, age three years, died on Little Blaine a few days ago.

The mother of Wilt Wooten died at his home near Catalpa, this county, a few days ago. We did not learn the particulars.

Mrs. Dan Vaughan died in Catlettsburg last Tuesday and was buried Wednesday. She was a sister of Judge J. B. Hannah's father. Judge Hannah attended the funeral.

Mrs. Alice Warden, mother of Attorney W. T. Cain, died at his home in Louisa on Thursday afternoon of last week. She was very old and her death was the result of the infirmities incident to extreme age. The body was taken to Martin county for interment.

The wife of James Dobbins died at her home near Gallup, last Tuesday, at the age of 38 years. She had been in ill health for several months.

A husband and four children survive her. She was a daughter of John Wallace and a sister of Mrs. Bascome Hale, and was an excellent woman.

Mrs. James Hamilton died at Inez a few days ago. Mr. Hamilton is one of the prominent citizens of that place.

Mrs. Hamilton was 44 years old and a daughter of Eli Crum. She died of consumption. Rev. H. B. Hewlett, of Louisa, preached her funeral.

Frank, the little son of Mr. and Mrs. Boyd Wellman, of this place, died Monday night after an illness of spinal meningitis. His age was fourteen months. A funeral service was held from the residence on Wednesday at 10 o'clock conducted by Revs. Reynolds and Elsea. The burial took place in the Bearie cemetery at Ft. Gay. This is the third child these parents have lost and the deepest sympathy goes out to them in their bereavement.

Waiting for Machinery.

Messrs. Whaley and Fenton are here from Pennsylvania awaiting the arrival of machinery which is to do important work in the section about Yatesville and Oste. Mr. Whaley is an old man and will make a further test of the Yatesville territory. Deep wells will be drilled this time.

Mr. Fenton is the man who bought the Fulkerson tract of timber and a large saw mill is on the road. It will be put into operation as soon as possible. The lumber will be hauled to Louisa and shipped by rail.

These gentlemen come to us highly recommended as safe and reliable business men and we welcome them to our midst.

Wm. Deskins, of Pike county, who was operated upon for hemorrhoids two or three weeks ago at Riverview Hospital has nearly recovered, and expects to leave for his home next Monday.

CONSUMPTION

Has Taken Another Fair Daughter From the Preston Family.

Beulah, daughter of J. Henry Preston and Nancy Hays Preston, died at their home in Louisa on Friday evening, May 1st, at the age of twenty years. The funeral took place Sunday morning, from the M. E. Church South, and the interment was made in Fulkerson Cemetery. Rev. O. F. Williams, pastor, conducted the services, delivering a message of comfort from a God of love and mercy. The church was crowded with sorrowing friends of the family.

The pall bearers were George Roberts, Fred Vinson, George Lewis, Will Barksdale, Ed Spencer and Labe Wallace. The honorary pall bearers were Misses Lizzie Bromley, Martha Vaughan, Willie Frazier, Ida Hewlett, Mexie Carey and Ethel Spencer. Beulah was converted and joined the M. E. Church South about three years ago.

The circumstances surrounding this case and this family are unusually sad. Twenty years ago when the family moved from Johnson county to Louisa Mr. and Mrs. Preston brought with them three little girls, Beulah being the youngest and only three months old. No other children were born to them. These little girls grew into beautiful young womanhood all too soon, it seems, as we look back over the few short years that were allotted to them. Modest and retiring, and sweet of manner and disposition, they were the idols of their parents, favorites amongst their playmates, and much loved by all associates. On Christmas day four years ago Lizzie was laid to rest on the hill overlooking her earthly home. Almost two years later, on Thanksgiving day, Ella's body was tenderly placed alongside that of Lizzie. And now, Beulah, the last of the trio, just after the passing of an Easter tide, joins her sister in the "City of the Dead."

Three exquisite examples of pure young womanhood, only one of whom attained the age of twenty-one years. They were not ruthlessly removed by the heavy hand of Providence for a mysterious reason, as some are in the habit of saying; but all fell victims to that awful, insidious disease, pulmonary consumption, to which the human race is subject under the laws that govern the world. They were Christians, truly converted during their girlhood, and enjoyed the peace and hope that belong only to those who have been born into the kingdom. Death had no sting for them, save the regret over a brief separation from father and mother. For they had the happy knowledge that their parents are prepared to meet them in Heaven—an assurance that is sufficient in itself to take away the horrors of death. And to the deeply bereaved parents, what a consolation is the lively hope of that reunion! The loss of all their children would be almost beyond the powers of human endurance without the sustaining influence and spirit of the Christian religion. But being thoroughly imbued with this spirit, these good people are enabled to look beyond this world of sorrow and run the race that is set before them, with full knowledge that all will be well throughout eternity.

Mr. and Mrs. Preston took Beulah to California last October in the hope of restoring her to health, and after providing her the best medical attention for several months, they were told that the case was hopeless. About six weeks ago they arrived home and she steadily failed until the end came.

Guardian Appointed.

W. J. Vaughan gave a very interesting stereopticon lecture at the M. E. Church Wednesday evening in the interest of the Sunday school work. Prof. Fox is here in the same line of work at the time we go to press.

It restores nervous energy—and through its invigorating influence upon the nervous system, the organs are strengthened. The heart action is better; digestion improved, the sluggish condition overcome, and healthy activity re-established.

"Dr. Miles' Nervine is worth its weight in gold to me. I did not know what ailed me. I had a good physician but got no relief. I could not eat, sleep, work, sit or stand. I was nearly crazy. One day I picked up a paper and the first thing that met my eyes was an advertisement of Dr. Miles' Nervine. I concluded to try it and let the doctor go, and I did so. After taking two bottles I could dress myself. Then I began taking Dr. Miles' Heart Cure and now I can work and go out, and have told many the benefit I have received from these remedies and several of them have been cured by it since. I am fifty-nine years old and pretty good yet."

The man who runs his business loosely places himself in the path of bankruptcy. The same rule applies to the banking business.

But strict rules are worthless unless the bank adheres to them. We maintain rigid rules in the conduct of our business; this is not only for our own good but also for the benefit of our customers.

To stand by a set of rules enables us to treat every patron of the bank the same, whether his business amounts to much or little. A fair and impartial treatment to all is well worth your careful consideration.

M. G. WATSON, Pres.

L. H. York, J. F. Hackworth, R. L. Vinson, F. H. Yates, Directors.

G. R. BURGESS, Assistant Cashier.

Rigid rules protect our customers. It is possible for us to conduct a safe, conservative banking business, where every element of chance is eliminated.

We ask only a fair price for service and accommodation, and aim to give every depositor the best treatment and protection for funds.

Our many years' banking experience has taught us what not to do, and how to serve our customers to their advantage. Do you want A No. 1 service? We can give you such service.

You business will be the better for our rules—we seek the opportunity to prove this.

AUGUSTUS SNYDER, V. Pres.

Home Circle Column

A Column Dedicated To Tired Mothers as they Join the Home Circle.

MOTHER'S WAY.

Of within our little cottage,
As the shadows gently fall,
While the sunlight touches softly
One sweet face upon the wall,
Do we gather close together,
And in hushed and tender tone,
Ask each other's full forgiveness
For the wrong that each has done;
Should you wonder at this custom
At the ending of the day,
Eye and voice would quickly answer,
"It was once our mother's way."

Our home be bright and cheery.
If it hold a welcome true,
Opening wide its doors of greeting
To the many—not the few;
If we share our Father's bounty
With the needy, day by day,
'Tis because our hearts remember
This was ever mother's way.

Sometimes when our hearts grow weary

Our task seems very long;
When our burdens look too heavy,
And we deem the right all wrong,
Then we gain a new fresh courage,
As we rise to proudly say:
'Let us do our duty bravely.

'This was our dear mother's way.'
Thus we keep her memory precious,
While we never cease to pray,
That at last when lengthening shadows
Mark the evening of life's day,
They may find us waiting calmly
To go home our mother's way.

Woman has yet to learn the purify-

ing and blessed influence she may gain
and maintain over the intellect and
affections of the human mind. Though
she may not teach from the forum,
in her secret retirement she may form
and send forth the sages that shall
govern and renovate the world. Though
she may not gird herself for bloody
conflict, nor sound the trumpet of
war, she may array herself in the
panoply of heaven and send the thrill
of benevolence through a thousand
youthful hearts. Though she may
not enter the list in legal collision,
nor sharpen her intellect amid the
passions and conflicts of men, she
may teach the law of kindness, and
hush up the discords and conflicts of
life. Though she may not be clothed
as the ambassador of heaven nor min-
ister at the altar of God, as a secret
angel of mercy she may teach His
will, and cause to ascend the humble
but most accepted sacrifice.

So great is the mind of a sweet
minded woman on those around her
that it is almost cloudless. It is to
her that we all go in seasons of sor-
row and sickness for help and com-
fort; one soothing touch of her
kindly hand works wonders upon the
feverish child; a few words dropped
from her lips in the ear of her sorrow-
stricken sister do much to raise the
load of grief that is bowing its
victim down to the dust in anguish.
The husband comes home worn out
with the pressure of business and
feeling irritable with the world in
general, but when he enters the cozy
sitting room and sees the blaze of fire,
and meets his wife's smiling face, he
succumbs in a moment to the soothe-
ing influences which act as the balm
of Gilead to his wounded spirits that
are wearied by the stern realities of
life. The rough school boy flies in-
to a rage from the taunts of his
companions to find solace in his
mother's smile; the little one full of
grief with its large troubles finds a
haven of rest on its mother's breast;
and so one might go on with instance
after instance of the influence that
a sweet minded woman has in the
social life with which she is connect-
ed. Beauty is an insignificant pow-
er when compared with hers.

There is no sadder sight than a
woman who marrying a man to save
him, finds that she has failed in what
she has sought and lost her own life
in the struggle. Have we not all
seen the gradual degradation of the
woman who is bound to a dissipated
man? She loses hope and faith.
Shame and despair cover with a gar-
ment. If she lives with him her
conscience is wrung with the horror
of bringing forth children who shall
be like him. However tender and re-
fined her nature, daily contact with
what is coarse and brutal will de-

base it. If love for a maid will not

make a man see the foolishness of
sin and abandon it altogether, love
for a wife will not help him in the
slightest degree. Love is a powerful
stimulant. It appeals to the body,
mind and soul of a man and bids him
strive for the best. It rouses his
ambition, it urges him to industry,
it wakens in him a passion for the
noble and beautiful in life. If under
the press and with the help of such
emotion he does not turn at once
with disgust from whatever evil has
been in his past life, there is no hope
for him. Corruption has taken hold
of him; sin is so inherent that the
inspiration of love cannot save him,
nor anything else save the chastise-
ment of God.

ED CALLAHAN

Chief Lieutenant of Hargis, Dying from Wound Inflicted by Relative.

Jackson, Ky., May 4.—Ed Callihan, the chief lieutenant of Judge James Hargis in the Breathitt feudal wars, is lying mortally wounded tonight at his home twenty miles from Jackson, while his life blood ebbs away from a ghastly knife wound which ripped through the big arteries and almost severed his left arm from his body.

Like the fate which overtook his colleague, Judge Hargis, Callahan meets a bloody end at the hands of a member of his own family, John Spicer, a brother of Callahan's erring wife, wielded the bloody knife which will send Callahan to the grave. Before Spicer could quite complete his deadly work, a shot from Callahan's 17-year-old son, Wilson, avenged his father and laid his uncle lifeless in the same pool of blood in which his victim lay weltering.

A strange fact in connection with the tragedy is that five years ago today James B. Marcum was shot to death in the court house door in Jackson by Curtis Jett and in his confession said that Ed Callahan gave him the pistol with which he murdered Marcum and told him to go on and do the deed.

The tragedy occurred in Callahan's store, on Long Creek, near Crockettville, twenty miles from Jackson. Callahan and Spicer were partners in a country grocery, about half a mile from Callahan's main store, and had several times had business disagreements. Several months ago they had a quarrel and Callahan proceeded to give his partner and brother-in-law a sound drubbing, when he was released Spicer started away, declaring that he was going after his pistol, when Callahan drew his revolver and swearing he would kill him and his antagonist prisoner until he promised not to renew hostilities.

Recently conditions at Spicer's store had not been satisfactory to Callahan and about noon today he sent his son Wilson to tell Spicer to come at once over to Callahan's store to settle up. Spicer responded in person and upon his arrival went into a review of their partnership business, which became a hot discussion, in which Callahan violently accused Spicer for his shortcomings.

The men were standing facing each other as Callahan poured out his wrath, when suddenly Spicer, so quickly, that Callahan did not have time to get a weapon or retreat, whipped out a large keen-bladed clasp knife, such as the mountaineers usually carry, and sprang at the enemy. Callahan was surprised, but threw up his arm in an instinctive movement of defense, but the heavy blade slicing through cloth, flesh and sinews like a razor, sank to the bone of the arm, severing the large arteries which feed the limb and almost hacking the arm from the body.

Callahan reeled backward and Spicer closing with him, tried to repeat the blow, but before his upraised arm could descend the second time, Wilson Callahan seized his father's revolver from a drawer in the counter of the store and fired one shot, which crashed through the brain of Spicer, and the latter and Callahan whom he still clutched fell together in the blood which gushed from Callahan's arm.

Spicer was killed instantly and it was first thought that Callahan would expire before the torrent of blood could be stopped. A country doctor who lived near was summoned, and succeeded by rude but effective bandages in lessening the flow of blood, but the wound in the arm was so deep and jagged and so much blood had been lost that it was evident the wounded man could not long survive.

Spicer's body was removed to his residence by his relatives, while Wilson Callahan, who so promptly avenged though he could not save his father's life, has not been arrested, the neighborhood heartily sympathizing with the action of the boy.

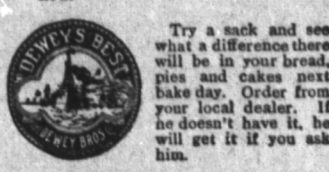

We publish in full a notice sent out by the U. S. Engineer Department asking for an expression from the people as to the advisability of granting to Pike county the right to construct a bridge across the river at Pikeville. The NEWS believes the privilege should be granted, with proper restrictions, of course, as to height of span, location of piers, &c. There could be no reasonable objection offered under such conditions. The bridge is badly needed. Pike is a great and rich county and the river separates a large portion of it from the county seat. By all means, allow them to build the bridge.

Born, Sunday night, April 19, 1908, to W. H. McCulloch and wife, of this city, a boy.

Isaac Wallace had an examining trial for killing Mrs. Sikes at Eikhorn City, before Judge Ford Wednesday and was not allowed any bail. The defense did not introduce any proof.

Mrs. W. K. Elliott has returned from Dr. Hall's hospital at Cincinnati, where she underwent a most successful operation for tumor of the side. She is recovering nicely.

C. C. Bowles, County Attorney, appeared before the State Board of Equalization at Frankfort last week and succeeded in having the 15 per cent. increase in Pike County's assessment removed.

The city Council at its meeting Monday night granted the county a free permit for the proposed new bridge. The Council also appointed Dr. Thompson and J. L. Morgan, (two of its members) a committee to ascertain the cost of paving the street from this end of the bridge to the North side of first street and down on Pike avenue to the railroad.

J. E. Yost, President of the Pikeville National Bank, showed us on Wednesday, a check on the Kanawha National Bank at Charleston, W. Va., for \$20,000 signed by Grosscup and Steele, which was placed in his hands for payment on the Island Creek land deal, known as the Elliott-Feely deal.—Plain-Dealer.

On Friday of last week, H. G. Belcher and "fiddler" Sam Wright and two of his (Wright's) boys engaged in a three to one scrap up the river and when the smoke of the battle cleared away Belcher was considerably beaten up with rocks, one ear partially bitten off and otherwise disfigured, and Sam had his hide punctured with about 30 No. 4 shot about the face and neck and elsewhere. Judge Ford held them all to answer at Circuit Court in a bond of \$500 each.

Heller, the hustling little mining town in the Marrowbone section in Pike county, is ahead in respect to its police officers. It is the only town in the State where a man and his wife hold the most prominent positions. W. M. Bowling is the police judge while his wife is the town attorney. Mrs. Bowling is a vigorous prosecutor and is the only woman holding a similar position in Kentucky. She is a good lawyer, a lady of refinement and is fast gaining a reputation as a good lawyer. She and her husband are law partners and have a good practice in Pike county. In Pikeville John B. Whitt and wife are lawyers, having been admitted to the bar recently. Mr. Whitt is a daughter of Roscoe Vanover, a prominent lawyer of Pikeville, and has devoted five years of the study of law. She passed a most creditable examination.—Paintsville Herald.

and, Va. The bride's

Ohio, and Senator M. G. Watson, of
Louisia, Vice-President, together with
other officials of the Louisa Coal
Co., were here last week looking over
their mining and other business
interests and closed a deal with the
South Side Machine Company for
full supply of mine cars, tippie
equipment and incline machinery.
They also closed a deal with H. H.
Townsend for electrical machinery
for mining purposes. All the goods
will soon arrive and be put in im-
mediately. Then sights uncommon
to us will be witnessed. A dynamo
in the hill, trains sweeping from
the openings to tippie. Then the
coal will float across the river in
midair almost sky high. All these
things go to make business quite liv-
ely. We already have a cable ferry
in operation, so arranged that it
floats across the river as gently as a
June breeze.

Oh, yes! we most forgot to tell,
but the stork came quietly to the
home of George Hurley one night
last week, and left a ten pound boy.
Of course, with George, it is the
"only pebble on the beach." Both
mother and son are doing well and
George is a happy soul.

Judge T. S. Thompson and A. M.
Hughes were the only Lawrence county
delegates who attended the Re-
publican convention at Carlisle and
Louisville Tuesday and Wednesday
of this week.

LATER:—R. C. McClure also went.

Golden Eagle has been instituted at
Echo.

known of West Virginia politicians,
died at Charleston Sunday at the
age of 62.

Mrs. Alex Lewis, who was recently
removed from Ceredo to the home
of her father, near Wayne, died last

on Docks creek, Wednesday, April
15, 1908, of paralysis, aged 50 years.
The body was buried Friday in the
Skean cemetery near her home.

Dr. L. H. Clark, of Kyle, McDowell
county, West Virginia, one of the
most prominent and popular Demo-
crats in the Fifth congressional dis-
trict, is a candidate for district dele-
gate to the Denver convention. He
will have the unanimous support of
Democrats on the N. & W. railway
in the Fifth district.

In the Mingo county fight between
the two Republican factions the con-
gressional committee unanimously de-
cided against the Old Liners, but
White and Leftwich carried the fight
on to Parkersburg and asked the
State committee to seat their dele-
gates selected in their rump conven-
tion. By a vote of fifteen to one the
State committee refused to recognize
them and seated the delegation se-
lected by the mass meeting held
March 12, 23th, and which was called
to convene by the regular Republi-
can organization of the county.

The above report was kindly fur-
nished by one connected with the col-
lege. The NEWS desires to say on
behalf of the public that the entire
occasion was a most profitable and
enjoyable affair. From the excellent
Baccalaureate sermon to the last
number on the program at the Court
House on Tuesday night there was not
a dull moment.

The original addresses by Messrs.
Combs and Vinson were of such high
order that their friends and the fac-
ulty were delighted and are justly
proud of their accomplishments. The
breadth and thoroughness of their
training was very apparent. They
have mastered a large vocabulary
and learned to use it gracefully in
expressing the knowledge acquired
and the thoughts evolved from their
well developed minds. There are great
possibilities in store for these bright
young men.

Miss Kate Freese's pupils from the
music department of the college ac-
quitted themselves most creditably,
showing plainly the excellent train-
ing that we all know they receive
at her hands.

Cough Caution

Never, positively never poison your lungs. If you
cough—even from a simple cold only—you should
always heal, soothe, and ease the irritated bron-
chial tubes. Don't blindly suppress it with a
stupifying poison. It's strange how some things
finally come about. For twenty years Dr. Shoop
has constantly warned people not to take cough
mixtures or prescriptions containing Opium,
Chloroform, or similar poisons. And now a little
late though—Congress says "Put it on the label,
if poisons are in your Cough Mixture." Good!
Very good! Hereafter for this very reason mothers,
and others, should insist on having Dr. Shoop's
Cough Cure. No poison marks on Dr. Shoop's
label—and none in the medicine, else it must by
law be on the label. And it's not only safe, but it
is said to be by those that know it best, a truly re-
markable cough remedy. Take no chance then,
particularly with your children. Insist on having
Dr. Shoop's Cough Cure. Compare carefully the
Dr. Shoop package with others and note the
difference. No poison marks there! You can
always be on the safe side by demanding

FOR SALE BY LOAR & BURKE.

TO BORROW \$7,500,000.**Norfolk & Western Wants Money to Continue Improvements.**

The announcement that the Norfolk and Western had made arrangements to borrow seven and a half million dollars will be received here with deepest interest. It will be particularly interesting in view of the fact that this money is, from all accounts, to be used for carrying out the plan of improvements which were started upon some time ago and which were temporarily suspended on account of the general business depression.

A decision to borrow this large sum of money was reached, so it is stated, at a meeting of the board of directors, held on last Thursday in New York city.

Instead of issuing bonds for the money, the Norfolk and Western will issue two year notes. It is understood that this plan was due to the fact that the bond market is in pretty bad shape and bonds of no corporation could be sold just now to any special advantage. The notes are for two years, and if the bond market improves, which will more than likely be the case before the expiration of the two years, bonds will be issued for the purpose of taking up the notes and retiring them.

With the seven and a half million dollars, the Norfolk and Western will proceed to complete many important improvements.—Exchange.

Sunday school at this place is in a flourishing condition with a large attendance and good interest under the efficient management of Mrs. Pray Burton.

Our farmers are very busy putting in their crops. Unfavorable weather is holding them up to some extent.

B. F. Carter has 20 acres of the finest wheat we ever saw in this locality. Mr. Carter is one of our most enterprising farmers and a model citizen.

Old Uncle John Spillman, a pioneer citizen, who has passed the four score years, was able to be visiting last week.

We are glad to note that H. C. Blankenship who has been very ill for some time, is improving.

The case in which a feeble minded man was galled into crime, was Albert Bailey, who now languishes behind prison bars, while an invalid wife and little children sit disconsolate and sad in their little home.

John Nelson and Lindsey Jobe continue to make those regular trips. Ask Carrie and Lizzie.

Mrs. Annie Jobe has been quite ill for a few days, but is better at this time.

The timber job at this place is not doing much. The mill has not arrived yet. About 300 logs are cut and hauled.

We all feel grateful to M. H. Johns who by his untiring efforts has probably secured a bridge to be built across Blaine at the Millard Carter ford. This is a much needed improvement.

Mrs. Sam Jobe of Morgan is very sick. Drs. Hall and Carter are in attendance.

Ex-Mine Foreman, J. B. Sparks, was attending court last week.

Jas. Kiser and wife, of Kay Moore, W. Va., have moved to this place.

Thos. Murphy is the conquering hero of the day. He silenced all the young fellows and won the woman of his choice.

FARMERS.**Items of Interest to the Agricultural Classes.**

Work that is not done in time requires double the labor to perform afterward and the results are never so good.

The cow is the machine, the food is the raw material, milk, butter and cheese are the manufactured articles. The dairyman is the manufacturer.

The process of grading up brings one continually nearer to the full blood, which is a source of all satisfaction and profit in stock feeding.

It requires a faculty of closer application and study along a single line to make a specialty go, but when it does go it usually pays best.

He who works so steadily that he never has time to stop and make his plans ahead does not often produce the best results.

If there were no other argument in favor of keeping stock the single one of helping to market the bulky products of the farm should be considered.

A source of income which brings in a little ready money every day or every week is a great benefit to the farmer, as it enables him to pay as he goes.

There is no luck about farming. Every success is the result of well-laid plans, and the failures with rare exceptions, are because of the lack of them.

Commercial fertilizers do not permanently benefit the land. They have their legitimate uses in helping to produce larger crops, but they do not make the land any richer. They should be used in connection with other manure.

Whatever branch of work obliges farmers to think and study is sure to lead to better farming as well as better citizenship.

The profit in stock is made during the growth of an animal, not in fattening it after it is grown.

Sixteen beet sugar factories in Michigan in 1907 produced 165,000,000 pounds of sugar. Nine thousand four hundred acres were planted to beets last year and farmers received \$4,500,000 for their crops.

W. J. Monroe, of Iowa, has the smallest colts ever born in that State. They are Shetland twins, both mares, and one weighs 18 pounds and the other 23 pounds. They can both stand up and will live.

John P. Brown, the catalpa expert, has recently finished planting 200,000 trees on his plantation at Carney, Ala., and 200,000 more of small size in his nursery. Besides this he has set 300,000 trees for the L. & N. railroad.

A bill prohibiting farmers of the new State of Oklahoma from sowing Johnson grass has been approved by the Governor. It also makes it a misdemeanor for any person to sell hay or grain from Johnson grass land without informing the purchaser.

A fire at the Elmendorf Stock Farm, at Lexington, Ky., destroyed 53 mares and 11 foals in a large circular barn. The barn was valued at \$6,000 and the feed was worth \$3,500. The farm is well known as breeders of fine horses and Shorthorn cattle.

is not entirely free from disease, on the high elevations fevers prevail, while on the lower elevations malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier, the antidote for every form of bodily weakness, nervousness, and insomnia. A Spring Hat.

Recipe for a Spring hat: A bundle of straw, a quart of cherries, one full pint of turnip salet, pint and half of green apples, a handful of grass, a bunch of feathers from a gam rooster, two bolts of ribbon, assorted colors. Mould the straw in a wash tub, and when it becomes firm garnish with the fruit and salet. Set it away in sachet powders and by Sunday it will be ready to wear if the owner can wait that long.

Tired nerves with that "no ambition" feeling that is commonly felt in spring or early summer, can easily and quickly be altered by what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling in 48 hours after beginning to take Restorative. The bowels get sluggish in winter-time, the circulation often slows up, the kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to those vital organs. It builds up and strengthens the worn-out weakened nerves, it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

"Health Coffee" is really the closest Coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop, Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malts, nuts, etc. Really it would fool an expert—who might drink it for coffee. No 20 or 30 minutes boiling. "Made in a minute" says the doctor. Sold by D. C. Spencer, Louisa Ky.

A CALIFORNIAN'S LUCK.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. Two 25c boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at A. M. Hughes' drug store, Louisa, Ky.

ADVICE.

(Dr. Free Press.)

They're being to feel rather heavy
They cling to the form with a will;
Although they're oppressively close
sir,

I beg you to cling to them still.
The sunshine that floods through the
windows

Seems to murmur that winter is
gone;

And yet, my dear brothers and sisters,
I bid you still

keep
them
on.

The overcoat burdens your shoulders,
Its weight you've not noticed before,
And you swear that tomorrow you'll
leave it

At home on the rack by the door.
Yes dig up your light summer garment
Yes, that is the coat you will don;
But don't be too hasty, I beg you,
O, still keep the

heavy
one
on.

'Tis true that the day is delightful,
'Tis certain the weather is warm;
But don't go to rushing the season,
There's a chance we may yet have
a storm.

The flowers haven't started to bud
yet,

And today when you hear a maid
cough,

It's a sign she is wearing her light
ones,

And taken her
heavy
ones
off.

have been well ever since." Sold

Jesse Dushman aged 11, stepson of Albert Hayes, of South Ceredo, died Tuesday, April 14th, of brain fever. The boy had only been ill about a week.

Robert Glover, a prominent young stock raiser of Frost Greenup county, holds the record for eating Easter eggs. He ate 25 boiled eggs for his breakfast Sunday morning, twelve for his dinner and three for lunch, making forty in all consumed during the day.

Cincinnati, O., May 4.—After being brought all the way from Oklahoma without difficulty, Nelson Halbert, of Prestonsburg, Ky., wanted there for murder charge, escaped here today while State Agent J. Stephens was getting shaved.

The home of Keen Burchett on Johns Creek, Floyd County, was destroyed by fire recently. All the household goods with the exception of a sewing machine, cook stove and a feather bed were licked up by the flames. The loss is said to be about \$1500 and no insurance. The fire was caused by a defective flue.

Beattyville, Ky., May 2.—The Republican conventions held at the different voting precincts in this county today for the purpose of electing committeemen resulted in a victory for Judge James P. Adams over G. W. Gourley, the two candidates for Circuit Judge in this district, as enough committeemen for Adams were elected to enable him to organize the county.

At Caney, on Middle Creek, in Floyd County, a free for all fight occurred over a game of cards and whiskey, and when the smoke cleared away four men were wounded fatally and three others seriously.

Those fatally wounded were: H. Bradley, called "Piney," Tom Harts and Ray Case. The others were Harrison Bradley, Joe Risner and one other, whose name could not be learned.—Pikeville Courier.

In the Republican convention over at Hindham Saturday, according to confirmed reports, the boys actually got together and fought a few licks. E. P. Blair, editor of the News, and Senator H. H. Smith seem to have been the principal participants with others on each side to hiss up the combatants. The difficulty seems to have been brought about over the vote on Fairbanks and Taft.

Whitesburg, Ky., May 1.—Floyd Frazier, self-confessed murderer of Mrs. Ellen Flanery, widow, at Port Creek, near here, last May, was sentenced to death on the gallows. He was taken to the Bell County jail at Pineville, where he will remain until the date of his execution. An appeal for a new trial was denied. It will be the first legal execution in the history of the county. Frazier is barely 18 years of age.

There was a pitch-battle at Goodloe on Middle Creek, Floyd county, Sunday, superinduced by moonshine whiskey, in which Riley Bradley and Doc Ratliff were perhaps fatally shot. Three other Bradleys and Gilbert Ratliff and one or two Shepherds were seriously wounded, one horse was killed and another badly hurt. John Shepherd was in the fight, but it is said that he came out without a scratch. The parties fell out over a game of cards.—Pikeville Plain-Dealer.

Frankfort, Ky., May 1.—Although C. L. Slone, of Floyd county, on April 17, 1905, killed Joe Maggard in a quarrel over a pair of shoes and was sentenced to the penitentiary for two years, it is likely that he will not have to serve, as the Court of Appeals reversed the case today on a novel point. The appeal of the case from the Floyd Circuit Court was made on the grounds of erroneous instructions. Slone was attacked by Maggard and a friend of Maggard named Henry Combs. In the instructions given to the jury the Court permitted the instruction of self-defense to apply only to Maggard, while the Court of Appeals says the instruction should have been given as to each of the attacking parties.

Mr. Layne's other son, Otto, will be unable to attend the funeral services. He is just recovering from an attack of typhoid fever and his physician did not deem it advisable for him to leave home.—Ironton Register.

The deceased was a native of Floyd county, Ky., and was an uncle of Dr. P. C. Layne, of Ashland. Mr. and Mrs. Jas. Layne, of Guyandotte, parents of Dr. Layne, and the latter and his family, attended the funeral in Ironton.

J. Moore, of Pike, was chosen as presidential elector. H. G. Garrett, of Clark, R. N. Winn, of Montgomery and Jas. A. Williams, of Johnson, were nominated for district chairman.
